SleepRight Adjustable Night Guard

The SleepRight Adjustable Night Guard is not recommended without a prescription for people with disorders of the temporomandibular joint (TMJ or TMD). TMJ problems can only be diagnosed by a dentist or health professional. SleepRight Adjustable Night Guard RX is available by prescription for different intended uses that can only be diagnosed by a health professional.

Indications: SleepRight Adjustable Night Guard protects teeth and dental work from clenching and grinding.

Caution: Do not use if you are under 18 years of age. If you can wiggle any of your teeth. If your dentist told you that you have TMJ. If you have any tooth or jaw pain, or pain with bruxing or tooth grinding. As an athletic mouth guard. For more than 12 hours in a 24 hour period. For more than three months without consulting your dentist. Discontinue use and replace if breakage occurs. **Ask a doctor before use if you have** loose fillings, loose caps or cavities with no fillings. Clicking of your jaw. Jaw pain, teeth pain, face pain, or have a hard time chewing. Two or more missing teeth. Mouth sores. Gum disease or bleeding gums. Serious breathing, respiratory or other health problems. **When using this product** see your dentist every six months. **Stop use and ask a dentist if** your same symptoms last even after several weeks of use. The product easily falls out of your mouth. The product causes you to gag or feels uncomfortable. You have bleeding gums, soreness, or other reaction inside your mouth. You notice new symptoms (jaw pain, teeth pain, ear pain, headache, neck stiffness, or joint clicking) because of the product. You have loose teeth or a change in your bite that lasts more than a few minutes after taking product out.
